# Seoul Travel Guide for Accessible Tourism

## Master Plan to Make Seoul a More Accessible Tourism City

In 2017, the Seoul Metropolitan Government announced a master plan to make Seoul a more accessible and friendly city for all, regardless of their physical, sensory, or cognitive abilities.

With this in mind, the Seoul Tourism Organization opened the doors of the Seoul Danurim Accessible Tourism Center in April 2019, introducing wheelchair vehicles, certificates of universal tourism facilities, an online information platform, as well as working on raising awareness of the need for accessible tourism.

## Wheelchair Accessible Vehicles

## Universal Tourism Facilities Certificates

Seoul Tourism Organization subsidizes hotels, restaurants, cafes, and other tourism facilities to make their environment more accessible to everyone. Also, the Organization has been working on certifying accessible tourism facilities and providing information on them on the Seoul Danurim website, so that Seoul can be a more accessible and enjoyable city for all.
